Not just a matter of teaching our children right from wrong, we would all agree with that

- But they are coming of age in a world in which good is evil and evil is good. Our culture has slowly over time taught us that God's laws are barbaric.

- Gay is good – you are a progressive free thinker in supporting gay rights. You are hip and not archaic or primitive
- Gender roles are artificial but homosexuality is natural. Gays are born that way but child molesters are not.

- 
- Abortion is good – you are not bringing an unwanted child into this cruel world. Women remain free to pursue their goals and vocation and not to mention keeping the population of the world to a controllable number.
 - Circumcision is evil – soon to be banned in San Fran and will spread - a barbaric practice – mutilation
 - Stoning a rebellious son is evil, but aborting 1.6 million babies is protecting the environment and equal rights for women.- family planning and access to health care.

The God Particle

“The dominantly atheist world of physicists have placed their careers and lives on the line for something they believe in but have yet to ever see.”

Yochanan (John) 1:1

“In the beginning was the Word,
and the Word was with God, and
the Word was God. The same was
in the beginning with God.”

1 Yochanan (John) 1:1-2

“That which was from the beginning, which we have heard, which we have seen (mass) with our eyes, which we have looked upon, and our hands have handled, of the Word of life; (For the life was manifested, and we have seen *it*, and bear witness, and shew unto you that eternal life, which was with the Father, and was manifested unto us;)”

Daniel 12:4

“But thou, O Daniel, shut up the words, and seal the book, *even* to the time of the end: many shall run to and fro, and knowledge shall be increased.”

Searching For The God Particle

“Physicists discovered a new particle that appears to be the highly sought after Higgs boson.”

Chicago Sun Times

July 10, 2012

“Like most Americans, I was thrilled to hear that a global team of scientists had finally discovered the elusive "God particle." ... I learned that the Higgs Boson essentially holds the entire universe together. It gives particles mass, which allows them to bind together to form things, like stars and planets and Donald Trumps hair.”

New York Post

July 3, 2012

“GENEVA — Scientists working at the world’s biggest atom smasher plan to announce tomorrow that they have gathered enough evidence to show that the long-sought “God particle” almost certainly does exist.”

Physicists Find Elusive Particle Seen as Key to Universe

The Washington Post

“The search for the elusive Higgs Boson particle, also known as the ‘God particle’ has entered a new phase as scientists working at CERN claim they are closer than ever to spotting it.”

The Washington Post

“It was a big day for a very small particle that, when all was said and done, remained invisible, indeed still theoretical. But even if scientists couldn’t claim Tuesday that they had “discovered” the fabled Higgs boson, they were exultant, convinced that their experiments at the Large Hadron Collider near Geneva are zeroing in on a particle believed to be essential to the fabric of the universe.”

Bosons and Fermions

Bosons (words) are particles that can occupy a quantum state that is already occupied. Indeed, any number of bosons can occupy the same quantum state. Fermions are particles made up of matter, so they can only occupy one space at a time. Bosons give fermions their mass.

- From the Latin *pars*. To divide, share, portion
- In Biblical Hebrew a word usually expressed in two letters ex: *ken* – yes, likewise, therefore
min – out of, from *kal* – all, every *lo'* – no, not or *gam* – also, moreover
- from Hebrew *peh* (mouth) and *resh* (head)
par – divide, open up *para'* – wild flower
parad – to separate *p^eriy* – bear fruit *paratz*
–
to break out *parach* – to blossom and grow

B^ere'shiyt (Genesis) 1:20

“And God said, Let the waters bring forth abundantly the moving creature that hath life, and fowl *that* may fly above (על) the earth in the open firmament of heaven.”

Yesha'yahu (Isaiah) 2:3

“And many people shall go and say, Come ye, and let us go up (עלה) to the mountain of YHVH, to the house of the God of Jacob; and he will teach us of his ways, and we will walk in his paths: for out of Zion shall go forth the law, and the word of YHVH from Jerusalem.”

Bere'shiyt (Genesis) 2:1

“An untranslated particle in Hebrew often described in grammar (somewhat superficially) as the sign of the direct object after an intensive verb (action). Its origin is unknown...to summarize, the אִתּוֹ was originally a substantive, and was used to emphasize the noun (matter) to which it was prefixed. In the course of time the emphatic meaning was lost and אִתּוֹ became a particle with no special meaning.”

“Peter Higgs, a theoretical physicist at the University of Edinburgh, came up with the idea of the Higgs field and its associated particle — the Higgs boson — in 1964. The field he proposed extends throughout the universe, and interacts with matter particles in such a way as to give them mass. After an interaction the field leaves behind a telltale sign — the Higgs boson.”

The answers (particles) to the source of the existence of the universe are never seen. We know they are there because of the effects.

Yochanan (John) 3:8-9

“The wind bloweth where it listeth, and thou hearest the sound thereof, but canst not tell whence it cometh, and whither it goeth: so is every one that is born of the Spirit. Nicodemus answered and said unto him, How can these things be?

Yochanan (John) 3:10-12

“Yeshua’ answered and said unto him, Art thou a master of Israel, and knowest not these things? Verily, verily, I say unto thee, We speak that we do know, and testify that we have seen; and ye receive not our witness.
